Environment 21, LLC & ECOL Ltd. Expand Distribution into Eastern & Central Europe

Warsaw, Poland- April 1, 2009: Environment 21, LLC and ECOL Ltd. today announced the renewal of an exclusive marketing agreement whereby ECOL Ltd. will be the sole sales and marketing arm for Environment 21, LLC Stormwater Quality Products in Czech Republic, Slovakia, and Poland with expansion plans for Ukraine, Russia, and Baltic Countries in 2010.

ECOL Ltd. has currently been an exclusive distributor of Environment 21 Products in Poland for the past 5 years and has installed over 200 stormwater quality units since they first started doing business together in 2002.

ECOL Ltd. is an established distributor of wastewater and stormwater products in Poland. “Our goal is to be the top company in Europe for the distribution of Stormwater Treatment and Flow Regulator Devices,” stated Falkowski.

Environment 21, LLC was incorporated in 1999. Environment 21 saw a need for a more cost effective and efficient stormwater treatment solution that was easier to produce and maintain to meet client needs and demands.
